

Dear Parents, 11/17/08

Room 214

Below is the schedule for Science Experiment Project presentations. Please mark your calendars for the day of your child's presentation. Also note that to be fair about everyone having the same amount of time, I expect all students to be finished by Wed. Dec. 3rd. Students do not need to bring their projects to school on the 3rd. You can store them at home and kids can practice the presentation part of the project. Let me know if you need any materials for the project. We have lots of large poster paper that was donated to Barton.

* Tomorrow we are walking to Walker Senior Club for to do a Thanksgiving project. DRESS IN WARM CLOTHES! We will play at Farmstead Park after the visit.

Thanks, Mark
