Friday Letter

Dear mom and dad, we went swimming this week. It is really fun. In the shallow end we dive for toys that sink. And also swim to the bottom of the pool so we can touch it. You can belly flop off the diving board. Cannon ball dive, and just jump straight off.

Our specialist is Art. We are doing abstract art right now. Every thing is abstract. The goal is to have lots of layers and a lot of smearing.

We went to the Walker Senior to. This time we bowled with them in a little hallway. With plastic pins and a plastic bowling ball. It was fun.

Sincerely

Eddan
