Dear Mom + Dad
In swimming we were jumping off the diving board and saying Go or Ghost, If Mark said go we would jump into the water, If Mark said ghost we wouldn't jump into the water. My favorite part is... diving off the diving board.

In art we were working on abstract paintings. We would copy a still life and take a shape that we liked and draw it big some where else in the painting.

When we were working on M.L.K. (Martin Luther King) summaries Mark would read it to us and we would write little bits of the summary on a piece of paper. Then write it on a piece of paper. Have an adult check it and copy it on a piece in your best writing and you were done.

Love Isadora.
