

October 26, 2010

Dear Families,

My name is Kristine Gee, and I would like to say hello and introduce myself to you. I am a student teacher from Augsburg College who will be in your child's Kindergarten classroom until December 17th, and I am very excited to get to spend time with the class and learn all I can about teaching Kindergarten. I look forward to working under the guidance of Gloria Livingston, and soaking up as much knowledge and wisdom from her as I can!

For the past three years I have been a student at Augsburg Weekend College, embarking on a new career in elementary and early childhood education. I also teach piano lessons, which I have been doing for more than fifteen years, and I have previously worked in the business world. I have always loved working with children, and I feel strongly about the importance of providing a quality education to young children to give them the best possible start in life.

I am very happy to have this opportunity to spend time with your children this fall, and I hope to meet all of you while I am student teaching!

Sincerely,

Kristine Gee
