Dear Grandma,

In School we have been doing Geometry, with angles, Area, perimeter, and power polygons! all Spelling Words one week were Geometry Spelling words.

Last week we started the plant sale. I was wondering if you would buy some. I could really use some plant sale money because if we get our school goal we get an all school pizza party!

Oh, guess what we go to some thing called the Walker Senior Center a few weeks ago. I met a super nice Elder named Marion Parker! She is my favorite Elder that is not a related to me. You and Grandpa are at the top of the Relative list!

Love: your gran girl Lilly
