

Dear milo and marmia and
pudding and chickens

Science

In science we are learning
about water. I learned that water likes
to stick together. I also learned that water absorbs on
different things like wood chips

Microscopes

In class we saw ~~some~~ 1 celled living
things, one of the living things was called ~~Bacteri~~
Bacterisma it was cool. I named one tube
antibiterfif and yet antuter clip.

Sun Rise Sunset

In sunrise sunset we figured
out that we have 4 hour ~~less~~
than we fore. Before was a get 31
