

During the school year, if there is ever any change in how your child is getting to home, or day care, from school, I must have a note in writing, either pinned to your child, or a post-it note, filled out with the information, and placed on the bus schedule. Pencils, post-it notes, and our bus schedules are just inside of our classroom door.

If your child's bussing or day care information has recently changed, please let the Barton office know as soon as possible as it takes several days to set up new bus stops.

Thanks for your help. It will make our kindergarten beginning go so much more smoothly!
