Friday Letter

Dear not so mom and dad

This week in school we've been doing geometry. Almost everything is geometry. Spelling, math, and a little more spelling. My fav spelling word is parallel. But we've also got some hard words like quadrilateral and parallelogram. I think I could really ace this test.

The plant sale started last week our school goal is 85k. Our class goal is 4k. We barely made any money (in our class). And if we beat our school goal we get a all school pizza party. I'm confident that we can get that pizza.

In music we watched a movie about a famous piano player named Lizzest. The movie talked about how he trained a gypsie to be a violin player. Love William
